

## VARAC GROUP 70+ CAR REGISTRATION FORM (2010)

VARAC'S Group 70+ cars are prepared to a "point in time" set of rules and regulations, which celebrates the racing period between 1973 to 1989. Cars built prior to 1973 may compete if prepared to the Group 70+ standards. Eligible cars have a chassis dated prior to 1990 and are prepared to the rules and regulations of any **one** race series that ran during this period (e.g. FIA, IMSA, CASC, NASCAR or SCCA). Any participant seeking entry into a VARAC Group 70+ event is required to have a **current** copy of their Car Registration Form on file with the VARACs Eligibility Chair. When more than one car is entered, each vehicle must have it's own Form. Please fill out all the following fields: if a field does not apply to your vehicle, put "N/A".

**Please Submit to VARAC's Eligibility Chairman Joe Lightfoot at 3616 CR8, Picton ON, K0K2T0**
